Police, Law Enforcement and Security Industry

MILO Range Pro Live Fire Simulated System is exclusively distributed by Shooting Range Industries LLC as the only U.S authorized distributor.

The MILO Range Pro training system offers the most advanced feature set available for interactive Use-of-Force and Firearms training. No other system can deliver a more realistic, adaptable training environment.

In addition to hundreds of ready-to-train scenarios, an extensive library of interactive graphics-based firearm drills and exercises are included ranging from simple plates and poppers to user-defined Course of Fire and Marksmanship drills. The included MILO Course Designer software empowers instructors to create new, fully interactive video scenarios and graphics firearm drills in minutes.

Backed by our 24/7 technical support, on-site Train-the-Trainer course and a full 2-year system warranty, the MILO Range Pro makes it easy to create a safe, reliable and effective training program.

The MILO Range Pro System

- MILO Range Pro computer system
- MILO flashlight & laser detection box
- 3000 lumens 1080p video projector
- HD Video projection screen (16x9 format)

- Lowlight Training
- Trainee Action Capture
- Tetherless Instructor
- High definition video scenarios
- Graphic Ranges & Customized Course of Fire
- Interactive 3D scenarios and 3D glasses included
- Real-time interactivity with Microsoft Kinect
Recent Activity... **80’ Tactical Ready Range® w/ a MILO Pro Live Fire Simulation System for the City of Cedar Park, TX Police Department.** This unit was built to completion in under 90 days and was installed, turned over and trained on in less than 3 days. The rifle rated tactical Ready Range® offers 3/8" AR500 360° ballistic protection, 1.75” Ballistic Rubber Tile on walls and ceiling, 2 lanes of hard rail overhead target retrieval system, 100% outside air purge HVAC / range ventilation system and a MILO Pro live fire simulation training system. Go to www.shootingrangeindustries.com to see a special CBS report on the range recorded during this pristine installation.

**Another Project...** delivered was for our nation’s DHS. This project’s specifications required a modular unit that accommodated a 100 Yard max shooting distance. This unit stretched to an impressive 330’ in total length and also included a 8’x40’ non-ballistic side entry ready room for testing preparation and storage.

**Additional News, SRI** purchased back a pre-owned 4 Lane / 90’ Rifle Rated unit with a 10’ side entry module with vault entry door. The unit was refurbished to like new condition and acquired by the Chicago Metra Police Department. Metra is one of the largest and most complex commuter rail systems in North America, serving Cook, DuPage, Will, Lake, Kane and McHenry counties in Northeastern Illinois. Look for the upcoming SRI Newsletter with the entire history of the range from the original purchase in 2007, the refurb process at the SRI plant, and finally delivered and installed at the Chicago Metra Police Dept.

If your department could benefit with additional judgmental training then please call us at Shooting Range Industries LLC to spec out your modular Ready Range®.
